MEMORANDUM FOR: Assistant Deputy Director for Intelligence  
SUBJECT : Agency Interface with the Public

*Ed*

1. In confirmation of our telephone conversation on Friday, I am sending you the attached draft outline which I forwarded to the Executive Director-Comptroller several weeks ago.

2. As I explained to you, this was provided Colonel White informally at his request so that he might examine it to determine whether or not we can include all the points he wanted covered in his consideration of this general problem. I have not yet had any reaction from him, but have been standing by to fill out the "meat on the bones" along the lines of his specifications.
